6. Your Investment Account

6.1 About your Investment Account:

(a) Your Investment Account will be a custody account provided by Wise Assets and will hold any Shares Wise Assets purchases on your behalf.

(b) Your Investment Account will enable Wise Assets to purchase and sell Shares issued by the Fund on your behalf on an execution only basis as well as maintain your investments as part of the Service. The basis of Wise Assets’s execution only service is that, where Wise Assets accepts an instruction from you, Wise Assets will carry out the transaction on your behalf without assessing the suitability of that decision for your investment needs.

(c) We will not owe you a duty to give, and will not give you, any advice or recommendations in relation to the merits of any transaction which you instruct Wise Assets to undertake on your behalf under this Agreement or otherwise.

(d) As the purchasing of Shares issued by the Fund is not a “complex” investment, we are not obliged to carry out an “appropriateness assessment” to determine that you have the necessary knowledge and experience to understand the risks involved. Therefore, as we do not assess the appropriateness of the investment, your interests may be less protected.

(e) By entering into this Agreement, you confirm that you have read and understood the applicable Prospectus, the applicable Key Investor Information Document and the applicable Factsheet and will review each of these documents

each time you submit a Buy Order. All documents referred to in this section can be found [here](#).

(f) Your Investment Account shall belong to you as the registered Investment Account holder.

(g) You shall not allow anyone to operate or access your Investment Account on your behalf.

6.2 Wise Assets's provision to you of an Investment Account is covered by the Estonian Guarantee Fund ("GF"). You may be entitled to compensation from the GF if Wise Assets cannot meet its obligations to you. Please refer to the [GF website](#) to see the latest compensation limits.

6.3 If you instruct Wise to transfer an amount of your money into your Investment Account, whether from a Main Account Currency or a Jar Currency, and such money remains in your Investment Account at the Cut-off Time on a Trading Day, you shall be deemed to have submitted a Buy Order to Wise Assets for Shares in the amount of that currency. For the avoidance of doubt, any money moved out of your Investment Account prior to the Cut-off Time will not be invested in the Fund by Wise Assets on your behalf.

7. Getting started

7.1 To start using our Services, you must open an Investment Account and provide your details as prompted.

7.2 Information must be accurate. All information you provide to us must be complete, accurate and truthful at all times. You must update this information whenever it changes. We cannot be responsible for any financial loss arising out of your failure to do so. We may ask you at any time to confirm the accuracy of your information and/or provide additional supporting documents and where we do so you acknowledge that not responding to our request may result in us rescinding your access to the Services temporarily or permanently.

7.3 Transacting on your own account. All activities undertaken or instructions received in respect of your Investment Account shall be deemed to be activities carried out by you. You shall only use the Services to transact on your own account and not on behalf of any other person or entity.

7.4 You shall be permitted to invest the whole of each of your Main Account Currencies and/or Jar Currencies.

8. Getting to know you

8.1 We are required by law to carry out all necessary security and customer due diligence checks on you in order to provide any Services to you. You agree to comply with any request from us for further information and to provide such information in a format acceptable to us. In addition, you agree that we may make, directly or through any third party,

any inquiries we consider necessary to validate the information you provided to us, including checking commercial databases or credit reports. You authorise us to obtain one or more of your credit reports, from time to time, to establish, update, or renew your Investment Account with us or in the event of a dispute relating to this Agreement and activity under your Investment Account.

9. How to invest

9.1 To begin investing, you need to log into your Wise Account and follow the steps as they appear on screen to invest a Main Account Currency or a Jar Currency.

9.2 By confirming you wish to invest a Main Account Currency or a Jar Currency, you are instructing Wise Assets to execute a Buy Order in relation to Shares in the Fund with the entirety of the funds held in that Main Account Currency and/or Jar Currency at the Cut-off Time. The App may indicate that a Main Account Currency and/or a Jar Currency is in the process of being invested.

9.3 Any further money received into your Investment Account (including as a result of any refunds or reversals) will at the Cut-off Time be deemed a Buy Order for an equivalent value of Shares.

9.4 For an order to be executed on the same Trading Day, the order must be placed prior to the Cut-off Time. If you add money to your Investment Account after the Cut-off Time, the Buy Order will be placed the next Trading Day at the Cut-off Time.

9.5 Any money received into your Investment Account which is subsequently moved out of your Investment Account prior to the Cut-off Time of that Trading Day will not be invested.

9.6 Wise Assets will update the value of the Shares held in your Investment Account following each publication of the Net Asset Valuation of the Fund by the Fund Manager.

9.7 You will be able to see within the App how many Shares Wise Assets bought or sold for you each day after the publication of the Net Asset Valuation.

9.8 Local Account Details

9.8.1 If Wise Europe has provided you with Local Account Details and you have enabled Interest or Stocks for this Main Account Currency then any funds received into it will be invested in the Fund by us on your behalf automatically at the next Cut-off Time.

9.8.2 In entering into this Agreement you confirm to us that you will only provide to any third parties your Local Account Details for the purpose of such third parties transferring to you funds of which you are, or will be on receipt, beneficial owner. Using your Investment Account to invest on the behalf of third parties will constitute a breach of this Agreement.

9.8.3 Should funds be received into your Local Account Details in error, and a Buy Order has been placed as a result, Wise Assets retains the right to submit a corresponding Sell Order equal to the value of the Buy Order placed to enable Wise Assets to return such funds and you hereby consent to us doing so by entering into this Agreement.

9.9 Should we, in our reasonable opinion, be responsible for an error which results in the incorrect submission of a Buy Order or Sell Order, then Wise Assets shall use best endeavours to promptly correct such error by crediting the appropriate Main Account Currency or Jar Currency with money or crediting an Invested Main Account Currency or an Invested Jar Currency with the correct number of Shares, as applicable.

9.10 If you submit a Buy Order or Sell Order on a non-Trading Day, or after the Cut-off Time on any Trading Day, then your order will be executed on the next Trading Day.

9.11 Notwithstanding any provision to the contrary within this Agreement, submission of a Buy Order or Sell Order prior to the Cut-off Time shall not guarantee that the respective order is executed on the same Trading Day. If for operational, legal or regulatory reasons (or any other reason outside of our control) your Buy Order or Sell Order cannot be executed on a given Trading Day Wise Assets shall use its best endeavours to facilitate the execution of that order on the next Trading Day.

10. Divesting an Invested Jar Currency

10.1 If you wish to divest an Invested Jar Currency you must instruct Wise Assets to divest a part or the entirety of the Invested Jar Currency into a Main Account Currency or Jar Currency which is denominated in the same currency (a “Divestment Instruction”). In making a Divestment Instruction you will be deemed at the same time to have submitted to Wise Assets a Sell Order in respect of the corresponding number of Shares you hold through Wise Assets in that Invested Jar Currency.

10.2 Once you have submitted a Divestment Instruction your Payment Main Account Currency or Jar Currency (as applicable) shall be credited at the point at which settlement of the subsequent Sell Order occurs and with an amount which corresponds to the value received for the Shares you instructed Wise Assets to divest on your behalf. Before we

credit your Main Account Currency or Jar Currency we will briefly hold the settled funds in a bank account commingled with funds belonging to Wise Assets.

11. Investment Currency

11.1 The base currency of the iShares World Equity Index Fund (LU) is US Dollar. This Fund is offered for the Stocks product.

11.2 Buy Orders and Sell Orders for Stocks that Wise Assets submits to the Transfer Agent on your behalf shall be expressed in Euro, as this is a requirement of the Fund. The absolute number of Shares you will buy or sell in connection with any Buy Order or Sell Order will therefore be determined in part by the Euro / US Dollar currency conversion rate applied from time to time by the Transfer Agent.

11.3 Should you choose to use Stocks for a Main Account Currency or a Jar Currency denominated in a currency other than Euro, Wise Assets will convert that relevant currency into Euro to meet the requirements of the Transfer Agent at the mid-market rate for that Trading Day. We shall make no additional charge for effecting this currency conversion.

11.4 The value of the Shares you hold in the iShares World Equity Index Fund (LU) through Wise Assets will be shown within the App in the currency or currencies that you have chosen to invest in. In calculating this figure for the purposes of displaying your Invested Jars we will apply the mid-market rate for that Trading Day for each necessary currency conversion.

11.5 The base currencies for Interest Funds are listed in our **Funds and Fees Supplement**. You will only be able to invest currencies or Jars holding a currency which corresponds to the currency of the fund mentioned in this paragraph.

12. Our responsibility for loss or damage

12.1 We are responsible to you for foreseeable loss and damage caused by us. If we do not reasonably meet our commitments to you, we are responsible for loss or damage you suffer that is a foreseeable result of our breaking this contract or our failing to use reasonable care and skill. We are not responsible for any loss or damage that is not foreseeable. Loss or damage is foreseeable if either it is obvious that it will happen or if, at the time the contract was made, both we and you knew it might happen, for example, if you discussed it with us during your account sign up process.

12.2 We do not exclude or limit in any way our liability to you where it would be unlawful to do so. This includes liability for death or personal injury caused by our negligence or the negligence of our employees, agents or subcontractors

and for fraud or fraudulent misrepresentation.

12.3 We are not liable for business losses. If you use our Services for any commercial or business purpose we will have no liability to you for any loss of profit, loss of business, business interruption, or loss of business opportunity.

12.4 We are not liable for technological attacks. We will not be liable for any loss or damage caused by a virus, or other technological attacks or harmful material that may infect your computer equipment, computer programmes, data or other proprietary material related to your use of our Services.

12.5 We have no control over websites linked to and from our Website. We assume no responsibility for their content or any loss or damage that may arise from your use of them.

12.6 Our liability to you for unauthorised payments and transactions or our mistake:

12.6.1 Subject to paragraph 9.9 above, unauthorised payments or mistakes due to an error by Wise will be governed by the applicable **Wise Customer Agreement**.

12.6.2 In the case of an unauthorised Buy Order or Sell Order, Wise Assets does not have an obligation to restore to you to the number of Shares you would otherwise have owned through Wise Assets had the unauthorised Buy Order or Sell Order not occurred.

12.7 You are responsible for checking your Investment Account regularly. We rely on you to regularly check the transactions history of your Investment Account and to contact **Customer Support** immediately in case you have any questions or concerns.

12.8 We are not liable for things which are outside of our control. We (and our affiliates) cannot be liable for our inability to deliver or delay as a result of things which are outside our control. In addition, we are not liable to you for any loss or damage suffered by you as a result of your negligent or fraudulent acts or any acts which are otherwise contrary to your obligations under this Agreement.

12.9 You are liable for breaking this Agreement or applicable laws. In the unlikely event of loss or claims or costs and expenses arising out of your breach of this Agreement, any applicable law or regulation and/or your use of our Services, you agree to compensate us and our affiliates and hold us harmless. This provision will continue after our relationship ends.

12.10 What happens if you owe us money. In the event you are liable for any amounts owed to us, we may immediately remove such amounts from an Invested Jar Currency (if available). If there are insufficient funds in an

Invested Jar Currency to cover your liability, we reserve the right to collect your debt to us by using any payments received in your Wise Account or Investment Account and otherwise you agree to reimburse us through other means. We may also recover amounts you owe us through legal means, including, without limitation, through the use of a debt collection agency.

12.11 Management of the Funds. The Funds and Fund Managers are authorised in Luxembourg and Ireland, regulated by the Commission de Surveillance du Secteur Financier and the Central Bank of Ireland respectively. We are not responsible for the management or administration of the Funds. In the event that you suffer loss by virtue of the performance, management or administration of the Funds we shall not be liable for such loss.

13. Our Custody Services

13.1 Wise Assets shall provide its custody services to you in accordance with the SMA. First and foremost, the custody service entails executing buying and selling of Shares issued by the Fund on your behalf.

As part of the custody services, Wise Assets will also be:

- (a) dealing with the administration involved in the buying and selling of Shares on your behalf;
- (b) holding legal title to all Shares held in your Investment Account, as prescribed by the SMA;
- (c) maintaining adequate and appropriate organisational arrangements, including the maintaining of a complete and accurate internal ledger, for the purpose of ensuring that your investments may be easily identified; and
- (d) collecting on your behalf any income and other entitlements accruing from your investments.

13.2 We will identify, record and hold all customers' assets separately from any of our own investments and other assets, and in such a manner that the identity and location of customers' assets can be identified at any time. All customers' assets belong to the respective customers and are neither included in the bankruptcy estate of Wise Assets, nor will the claims of the creditors of Wise Assets be satisfied on account of such assets.

13.3 Your investments may be pooled with those of other clients for administrative reasons, but the investments owned by you will always be clearly identified in our records.

14. Order Handling and Best Execution Policy

14.1 In executing transactions for you under this Agreement, Wise Assets is under a regulatory duty to take all sufficient steps to provide to you the most advantageous result given the prevailing market environment. This is also

known as 'best execution'. If Wise Assets arranges for the execution of your orders with a third party, we are under a duty to do so in accordance with your best interests. Wise Assets's Best Execution Policy as of the date of this Agreement is available on our [Website](#). By entering into this Agreement, you confirm your acceptance of the Best Execution Policy.

14.2 You will be given reasonable notice of any material changes to the Best Execution Policy before they are due to take effect and will be deemed to have consented to such change if you continue to use our services after that period.

15. How much will you pay?

15.1 You must pay the fees in connection with the use of our Services. Fees vary depending on the Fund you are investing into. All fees are available in the [Funds and Fees Supplement](#).

16. Investment Risk Warnings

16.1 Risk warnings when investing in Stocks

Risk warnings are provided for your information and protection. We strongly encourage you to read them and to contact us if you have any questions or require further clarification. This document cannot cover all risks but is meant to act as a general guide to the most significant aspects of the risk associated with the investment service we offer you.

Performance risk: The value and income of investments and securities is dependent on market performance, and may therefore fall as well as rise. You may not get back the full amount of capital invested, and should be aware that past performance is not a guide to future performance.

Inflation risk. The real value of investments may be adversely affected by inflation, and you are reminded that, while an investment may have historically performed positively in an inflationary environment, past performance is not a guide to future performance.

Currency / Foreign exchange risk: As the base currency of the Fund when investing in Stocks is US Dollar and we will be submitting Buy Orders and Sell Orders on your behalf in Euro, foreign exchange rates may cause the value of your investments, and the income from them, to rise or fall. In particular, you should be aware and must acknowledge that movements in exchange rates could cause the value of your investments as displayed in your Investment Account to fluctuate other than as a consequence of the performance of the Fund. Any effects of foreign exchange rate movements could be more pronounced if you invest a Main Account Currency or a Jar Currency denominated in a currency other than Euro, due to the fact that such currency will be subject to both a Euro and US Dollar conversion.

Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss.

16.2 Risk warnings when investing in Interest

All financial investments involve an element of risk. Therefore, the value of your investment and the income from it will vary and your initial investment amount cannot be guaranteed. The Fund is not a guaranteed investment and the investment in the Fund is different from an investment in deposits; the principal invested in the Fund is capable of fluctuation and the risk of loss of the principal is to be borne by the investor. The Fund does not rely on external support for guaranteeing the liquidity of the Fund or stabilising the NAV per share.

Performance risk: The value and income of investments and securities is dependent on market performance, and may therefore fall as well as rise. You may not get back the full amount of capital invested, and should be aware that past performance is not a guide to future performance.

Inflation risk: The real value of investments may be adversely affected by inflation, and you are reminded that, while an investment may have historically performed positively in an inflationary environment, past performance is not a guide to future performance.

Interest rate risk: Short-term money market funds do not generally experience extreme price variations. Changes in interest rates will impact the Fund. On any day where the net return (i.e. return less costs and expenses) of the Fund is negative, an accumulating share class of the Funds will see a decrease in the NAV per Share. This can happen when interest rates of central banks go near to zero or lower.

Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss. **Credit Risk:** The issuer of a financial asset held within the Fund may not pay income or repay capital to the Fund when due.

17. Closing your Investment Account

17.1 Subject to paragraph 17.3 below, you may end this Agreement and close your Investment Account at any time by selecting “turn off Interest/ Stocks” for each of your Invested Main Account Currency and Invested Jar Currencies. As a result of this action, all of these Invested Main Account Currencies and Invested Jar Currencies will be divested from the respective Funds and continued to be held by Wise Europe as cash on your behalf.

17.2 Selecting to “turn off Interest/ Stocks” for an Invested Main Account Currency or Invested Jar Currency will not terminate this Agreement if you are holding Shares in any other Invested Main Account Currency or Invested Jar Currency.

17.3 You must not close your Investment Account to avoid an investigation. If you attempt to close your Investment Account during an investigation, Wise Assets may hold the Shares in your Investment Account until the investigation is fully complete in order to protect our interests or the interest of a third party.

17.4 You agree that you will continue to be responsible for all obligations related to your Investment Account even after it is closed.

18. Information security

18.1 You are responsible for configuring your information technology, computer programmes and platform in order to access our Services. You should use your own virus protection software. We cannot guarantee that our Services will be free from bugs or viruses.

18.2 You must not misuse our Services by introducing viruses, trojans, worms, logic bombs or other materials which are malicious or technologically harmful. You must not attempt to gain unauthorised access to our Website, the App, our servers, computers or databases. You must not attack our Website or the App with any type of denial of service attack. By breaching this provision you might be committing a criminal offence under Estonian Penal Code. We will report any such breach to the relevant law enforcement authorities and we will cooperate with those authorities by disclosing your identity to them. In the event of such a breach, your right to use our Website, the App and/or our Services will cease immediately.

19. When we can end this Agreement or suspend our Services

19.1 We may end this Agreement and close your Investment Account or any service associated with it by giving you one month prior notice, unless we are required by law to act sooner. On the closure date, all remaining Shares you hold through Wise Assets will be sold and the proceeds deposited in your Wise Account, unless we are required by law to freeze your Investment Account.

24. Automatic Exchange of Information (AEOI)

24.1 To help fight against tax evasion, and to comply with the requirements of Council Directive 2014/107/EU (DAC2 Directive) over 100 governments around the world are complying with an information-gathering and reporting requirement for financial institutions, such as Wise Assets, known as the Common Reporting Standard ("CRS") and FATCA.

24.2 Under the CRS, we are obligated to determine where you are "tax resident", which usually means where you are liable to pay income or corporate taxes. Under FATCA, we are specifically obligated to determine if you are a United States tax resident. If you are a tax resident outside of Estonia we are required to provide certain personal, account and financial details to The Tax and Customs Board (MTA) who may then share that information with the tax authority of the country or jurisdiction where you are tax resident.

24.3 In Estonia, we are required to complete CRS and FATCA reporting and a DAC2 declaration to MTA by 30 June every year in respect of customers we have identified as reportable persons or reportable entities.

24.4 How do the CRS and FATCA impact you? Customers identified as resident for tax purposes in Estonia during the Wise Assets onboarding process and therefore not a reportable persons or reportable entities will only complete Wise Assets onboarding to verify their Estonian tax residence. However, there will be some customers who based on the information we collect, we believe to be reportable persons or reportable entities.

24.5 If we feel we need further information we will ask you to provide additional information, such as your Taxpayer Identification Number (TIN) e.g. personal identification code or commercial registry code, to help with the completion of a Tax Residency Self-Certification form. In some cases we will ask you for a reasonable explanation and/or additional documentary evidence as proof of tax residency.

24.6 You acknowledge and agree that in the event that your status changes from a non-US Person to a US Person, or if your tax residency changes, you shall immediately notify Wise and you shall be required to, upon demand by Wise and in a timely manner, provide any form, certification, representation, confirmation or other information, as may be requested by and in a form acceptable to Wise.

24.7 You acknowledge and agree that Wise Assets may in its sole and absolute discretion terminate your Investment Account with immediate or subsequent effect by written notice if you fail to comply in a timely manner with the requirements in this section, whereupon Wise shall be entitled to receive all fees and other monies accrued up to the date of such termination. If you do not timely inform us of your change in tax residency, we will report your account under the CRS or FATCA.

24.8 Do you need to do anything? If you are affected by the DAC2 Directive, CRS or FATCA we may write to you asking you to fill in a Tax Residency Self-Certification form or to advise on missing information. If you have any additional questions, please visit the [**OECD Automatic Exchange of Information portal**](#) and the [**Website of the Ministry of Finance**](#) for more information.
